

Hi!

It's about time we got to know each other a little better. We are your local credit union. If you are a member, that means you're also an owner. Non-members are also important members of the community, meaning you share our interest in seeing this community grow and succeed. You have voice at the table when it comes to how we operate. So we want to know what you think.

What more can we do for you? How can we be more involved in our community? By helping us to answer these questions, you can help shape us and have a meaningful impact on our community.

We are offering five sessions to allow various opportunities for you attend one event. If the one in your area isn't feasible, please feel free to visit another. All sessions will commence at 6:30 pm. This is a family friendly event so please feel free to bring along your partner, your kids, and anybody else who you think might like to have a say. We'll have some treats and a lucky participant will walk away with a DOOR PRIZE.
